

TIMELINE

Winter 2022-2023 Issue

Big Changes!

If you haven't been to the museum lately, you may not recognize the front lobby of the Horizon Building. We've rearranged the desks to create a more welcoming reception area, relocated the finance office, expanded the gift shop, moved some exhibits, and added new signage. We hope you'll love our fresh new look!

We're also in the process of restocking the gift shop with items that are more relevant to the mission of the museum. Come see our new selection of science kits, fossils, mineral samples, and more!

Christmas Tree Forest

Our annual Christmas Tree Forest is set up in the Horizon Building. Local companies have donated some really amazing Christmas trees and wreaths. Museum visitors are welcome to purchase a tree or wreath either for themselves or for donation to a deserving family.

Any excess proceeds will be given to the local food bank to help those in need at this holiday season.

You really should see these gorgeous trees!

New Exhibits

We have an incredible new exhibit of hundreds of ancient Native American arrowheads arranged into mosaic patterns.

There is also a new display of some of the fun pottery items the students in the museum pottery classes have made. By the way, if you have any interest in learning to make pottery, we have new classes starting in January!

Calendar of Events

December 9, 6:30-8:00 pm: Public Reception for the opening of the Shane Johnson / Brooklyn Broadhead photography exhibit in the Rotating Artist Gallery of the Horizon Building. Come meet the photographers and see their beautiful work! Light refreshments will be served.
